

What's going on at Redwood Area Camp, how you can help?:

Branches and Trees – seems like a boring job but, it's the biggest one. We could really use teams of people to help.

The camp owns a couple Mowers and the mowing season is about on us. The issue is. Both mowers are down for repairs. We will start using the Front-Loader Massey to pull the brush hog now that the ground is getting drier, but the main mowing is a big job. The branches and mowing are perpetual jobs.

Of course, there are trees that fell in the winter and we're trying to get them cut to where the backhoe can carry them to the burn pile area or put them in the dump truck to carry them.

There is need to help with debris cleanup throughout camp.

Painting of the entrance sign, bathrooms, Golden Gate Bridge.

Bathroom Beautification inside to prepare for the people coming to work at the camp. What is not done that Memorial Day Weekend will have to be done by volunteers and the family staying at the camp residence.

Dates at Camp:

Memorial Day Weekend: Work-bee (May 24-27)

Maranatha Week: (June 16-22)

North Coast Church Retreat: (June 22-24)

Camp Pitch: (for staff – July 16-20)

Camp Meeting: (July 21-27)

Please pray that we get enough help to make the camp ready for the events.
